Landowner Advocacy for Conservation Easement Funding

The Florida Conservation Group advocates on behalf of Florida landowners for conservation easement funding. Landowners are a critical voice in the fight to protect Florida's natural and agricultural landscape.

We are looking for landowners to join and support our effort.

Florida’s Land Conservation Programs

The Rural and Family Lands Protection Program and Florida Forever

The Rural and Family Lands Protection Program and Florida Forever are two state conservation easement programs that are critical to the health of the landscape; they both protect water quality and supply for urban areas, maintain our agricultural economy, protect Florida's tourist economy and military base buffers. Funding these conservation easement programs is an investment in Florida's future and is critical to our quality of life.

Florida Conservation Group is proud to have the partnership and support of the Florida's Cattlemen's Association in our advocacy efforts to protect natural and agricultural Florida.
